

Tips From P&G Beauty Expert Marsha Chilko

Long Lasting Curls

Help dry hair hold its style with this easy trick.

1. Treat hair with [Aussie's Moist 3 Minute Miracle Deeeeep Conditioner](#) and blow dry on a low heat setting.
2. Separate hair into 2" sections and curl one at a time.
3. After curling each section, pin the curl up for a few minutes. This will help the curl set as it cools for a longer-lasting style.

Sleek & Straight Hair for a Luscious Look
